Fees and Payment Policies

1. Annual Fee Updates

Fees may be updated at the beginning of each academic year. In case of an update, new fees will be shared in September of that year.

2. Financial Flexibility

In case of financial difficulty, arrangements may be made, case by case.

3. Cancellation Policy

In case you wish to cancel a session, we request you provide a minimum of 24h notice. If that is not possible, the fee for the missed session will still be required.

4. Assessment Policy

The assessment fee includes the €90 cost of the initial consultation, required for all assessments.

We aim to make the assessment process as smooth and fair as possible for all families. You may choose to:

- Pay the full amount upfront, **or**
- Pay in two installments: 50% after the first consultation and session booking and the remaining 50% upon completion of all assessment sessions.

The first 50% payment helps us secure your child's place in the assessment process and reserve their scheduled time. If you need to cancel, we kindly ask for at least 48 hours' notice so the slot can be offered to another family.

In case of cancellation with more than 48 hours' notice:

- A full refund is available minus €90, reflecting the initial consultation already provided.

If cancellation or non-attendance occurs without at least 48 hours' notice:

- Families who have paid the full amount will be refunded 50% of the fee.
- For families paying in two installments, the first 50% is non-refundable.

This policy ensures fairness for all families and will help us keep waiting times as short as possible.
